FinalChapter · For Ontario trustee & consulting firms

You're not replacing your lawyer or Emergent. You're giving your staff one Ontario desk so the 180-day return, creditor notice, and CRA windows stop living in someone's head. We link the official forms; we don't file them.

What you get

- **60-step Ontario timeline** for each estate, with the next deadline always in view
- **CRA windows + estate administration tax (EAT) calculator**
- **Letter drafts** for banks, creditors, and other parties
- **Documents checklist** — mark each key document have / not yet (no file uploads; originals stay with you)
- **Official form links:** 74A, TX19, T1, T3, Estate Information Return

Organizer only — FinalChapter does not file forms and is not legal, tax, or financial advice.

Three annual plans (CAD)

How firms get started

1. Tell us how many active estates and staff you expect.
2. We send a written quote in CAD for the plan that fits.
3. Your team gets logins and starts every estate on the same Ontario runbook.
